

The Copper Queen Store.

White Shirt Waists from 1.25 to 8.50

Madras, India Linen, Irish Linen or Lawn.

A whole table is today devoted to a sale of white waists and they are not of the indifferent sort either, but are made by makers who are past masters of their business. These simple colorless fabrics have deservedly come to be the most popular materials for waists, for the "wonder if it will wash" expression finds no response from the color which is the emblem of purity.

And such a display you never saw before even in the Copper Queen Store—tucks, insertions, allover, embroideries and medallions all get fair play in the make-up of our waists and your ideas are indeed peculiar if we cannot please you. You who have been holding off because the waists you have seen did not please you come in and see these and their daintiness, neatness and beauty will prove a silent salesman whose charm of manner and forcible arguments you surely cannot resist.

Men's Trousers from 1.75 to 7.00 a pair

and really now isn't it the best idea you ever knew; this one of wearing different trousers with sack coats or Norfolk and then there are so many different clothes from which to choose from—cheviots, cassimeres, worsteds, worsted cheviots and serges in numberless patterns—checks, narrow and wide stripes, hair line and herringbone stripes. There is even a choice in the way the pockets are put in. Side pockets and top pockets. Of course, nearly every man wants the comfortable side pockets, hence our assortment in these is larger and more varied than in the other sort. Over 1,000 pair to choose from and no man goes away from our trouser department without being satisfied, no matter how particular he may be nor how extreme his tastes.

More Shoe News from the Busy Store

Whatever your tastes may be we can suit you in shoes for the variety of tips, lasts and toes in both high and low cuts is as broad as are the assortments in our other departments. One of the newest shoes for men is a Pat. colt skin lace, kangaroo top with Goodyear welt and the price \$3.50.

They don't cost \$4 and \$5, but they're every bit as good.

Is Too Quiet.

Justice Brown and Justice McDonald are complaining about the lack of business that is now staring them in the face. Both of them say that Bisbee is now more orderly than it has been at any time since the first of the year. Both spent yesterday without anything but civil business to attend

to. They are of the opinion that the Bisbee "rounders" are using a better class of booze.

Get More Claims.

The McDonald Brothers and John Metcalf paid a visit Sunday to the McDonald group of claims west of the city. The latter two staked out two more claims. They found George Stewart and Frank Oliver doing assessment work on the Brunswick lode. Justice McDonald says that a deal for thirty claims in that section may be made in the next few weeks.
